

EVERLAND

Come let's live a fairytale.....

*Like the Peterpan I will grab your hand and take you to the Everland,
It will be a whole new experience you never had,
A place with peace, love and affection,
No words called- fight , war or discrimination,
A place where people earn love and respect not money,
If you don't believe me you can ask any,
And fairies will be your teacher, who'll teach you about brotherhood and
peace,
Fairies will be the aunt and butterflies will be the niece,
Unicorns will have a race with you on the rainbow with the colours so
bright,
Angels will come to you and kiss you goodnight,
Friendship and courtesy will have a golden, magical light,
Everland is place where all people must stand together and
united.....*
